## **Lectric Relic**

Rice University's Art Gallery doesn't have much in the way of space, but it does have an ambitious program of commissioning site-specific works. On display through December 13 is Wayne White's "**Big Lectric Fan to Keep Me Cool While I Sleep**," a piece based on a line from "Ragged but Right," a song by the country singer George Jones. The 15-foot piece, a sleeping puppet head that resembles Mr. Jones as a young man (above) is "a roadside attraction," says Mr. White, "a museum relic of a lost world, and a big, weird toy still in its box."
